

## Your support directly assists homeless families!

Founded in Kirkland in 1989 as KITH, Attain Housing has been serving Eastside families for 32 years. Join our amazing community of companies and organizations that unite around these programs that house and support vulnerable families and children.

### Transitional Housing & Case Management for Homeless Families

In 2021, our 37 apartments provided housing for 41 families, including a total of 87 children. Our case managers assist our client families with compassionate, practical, and educational services that help them make lasting life changes, which help lead them to self-sufficiency and permanent housing.

### Stable Home - Helping People Keep Their Housing

In 2021, we aided 162 households with and move-in funds and financial assistance to avoid eviction. 92% of those who receive Stable Home funds are able to stay in their housing for at least 3 months after receiving support. On average, it cost less than \$1,500 per household to keep families from becoming homeless. This cost-effective program spares families from the trauma of homelessness and is a great return on your social investment.

### Team- Building Volunteer Projects

We invite employee or member groups to join us for team-building volunteer projects at our apartment complexes as a benefit of sponsorship.

**Transforming Lives.**  
**Strengthening Communities.**
